

# Protokoll der Fachschaftssitzung

## Semienglische Version

Fachschaft Mathematik der TU Darmstadt

11th November 2020

**Starting time** 18:10

**End time** 21:30

**Participants** Annika, Carsten, Catrin, Dennis, Esther, Christian, Christopher, Daniel, Dennis, Gonne, Justus, Kenan, Lara, Leo P., Luca, Malte, Marc, Peter, Simon, Tom, Varun

**Moderator** Carsten

**Transcript** Gonne, Justus, Simon

**Newsletter** Justus

## Upcoming appointments

November	12.	10:00	<b>Zentrale OWO-Nachbesprechung</b>
	17.	18:00	<b>OWO-Feedback-Plenum</b>
	20.	18:00	<b>games night</b>
	23.	20:00	<b>Prä-Stuss</b>
	24.	11:00	<b>Studienausschuss</b>
	25.	13:00–18:00	<b>Tag der Lehre</b>
	27.–28.	Fr 17 Uhr – Sa	<b>FreWe</b>
Dezember	9.	14:00–16:00	<b>TUCaN-Treffen</b>
	11.	9:50	<b>FBR</b>

## Post and Mails

- Ⓐ Andi weist uns darauf hin, dass SHK-Tätigkeiten nur innerhalb Deutschlands ausgeführt werden dürfen.
- Ⓐ Am 9. Dezember von 14:00–16:00 findet ein Austausch über „aktuelle Themen zu TUCaN“ statt.
- Ⓐ Am 25. November findet der Tag der Lehre statt. Anmelden kann man sich unter [www.tu-darmstadt.de/tag-der/lehre](http://www.tu-darmstadt.de/tag-der/lehre) → 2020.
- Ⓐ Die Ergebnisse der DZHW-Befragung zum Studieren während Corona sind da. Vielleicht gucken wir sie uns bis nächste Woche mal an.
- Ⓐ The colloquia for the winter term were announced.
- Ⓐ Der AStA bietet eine Online-Seminarreihe zum Thema Öffentlichkeitsarbeit und Hochschulrecht an. Anmelden kann man sich bis zum 23. November unter <https://forms.gle/f2C6eazqv2mKotU9>.

## Arbeitsaufträge

**Kleiderstange** (Carl;  $n/\infty$  für ein  $n \in \mathbb{N}$  hinreichend groß)

**BK-Zettel** (Marc und Carsten;  $m/\infty$  für ein  $m \ll n$ )

**HowTo FS-Raum** (Marc, Justus, Jonas; Nach Corona)

**Öffnungszeiten** (Justus; Nach Corona)

**Adventskalender** (Daniel, Dennis, Kate, Lara, Nika; 0/1) Es wurden Pläne gemacht.

**SoFa** (Marc; 10/2) Marc schreibt bald eine Mail. Ganz ganz bestimmt.

**Something heroic** (Marc; 0/1)

## TOP 1: The heroes we need, not those we deserve.

We want to prepare this TOP for next week, this means thinking about which positions are irrelevant right now.

## TOP 2: Mathebau-Podcast

As our OWO-Stream was incredibly successful, we asked our professors if they would like to participate again. As they were incredibly motivated to do so, we have to actually plan something. Justus, Catrin and Carsten want to do that.

## TOP 3: TUCaN't?

On December 9, all groups of the university want to have a talk about TUCaN't together. We collect what we don't like about TUCaN:

- We would like to have information whether lectures will be recorded available in the timetable.
- TUCaN does not implement the possibility of asynchronous courses. This makes the TUCaN-timetable even more useless than before.
- This year, we had to do the exercise selection on Moodle, as TUCaN does not allow to couple exercise classes for Linear Algebra and Analysis. Moreover, it is not possible to forbid students to register for the exercise classes in TUCaN anyways.
- We'd like to have direct links to courses.

We would like to participate with two students. So far, only Lara volunteers.

## TOP 4: Feedback on first-semester exercise classes

There have been problems with the selection of the exercise classes of the first-semester courses, especially for the student teachers. The student teacher's student council has written a long letter listing all these problems.

The three most important problems were:<sup>1</sup>

- The TUCaN registration for the first-semester courses was open at the beginning of October but was later closed because this was an error. Students that had already registered for the courses were signed out without any notice.
- The possible exercise slots were changed after the timetable-building slot of the student teacher's OWO was already over.
- For some combination of subjects, there were no free exercise classes available.

---

<sup>1</sup>Author's opinion

We do not have anything to add to their list right now, but we are happy to get feedback after this sitting. Leo will send the letter to [fs@mathebau.de](mailto:fs@mathebau.de). We then want to give this letter to our department together with the student teacher's student council.

## **TOP 5: Confidential B-TOP**

## **TOP 6: FSK**

Everyone was very busy with the OWOs. In the preparations of those there was a lot of miscommunication regarding who is in charge. There will be a meeting tomorrow to talk about what went wrong. The StuPa wasn't able to extend the current legislatures of the student councils. They proceeded anyway. The FSK is still searching for a second representative for the senate. The FSK is considering to switch the Pads used for protocolling.

## **TOP 7: Our FSK-heroes**

Carsten, Christian and Dennis want to participate in the FSK. Max will also continue to do so.

## **TOP 8: Survey on exam dates**

In a meeting with the HDA we talked about possibilities how to ask students about their opinion on dates of exams. to ask all students about their opinions regardless of their faculty. We came to the conclusion to include such a question in a general questionnaire which will take place next summer.

## **TOP 9: Crisis team**

We want to share an invitation link to the Mathebau Discord server with all our students and employees of the department. The mail to all scientific employees will probably be written by Prof. Wedhorn so that it seems more trustworthy.

Next semester, there should be an earlier notice on how exactly the digital parts of courses will take place.

After christmas, we want to send a mail to Mr. Weisenseel to remind him of our problems with the 48 months rule limiting the time students can be employed at the university.

Moreover, he is responsible for documentation of their working hours on the level of the central university.

## **TOP 10: Discord as an official communication channel**

Dennis reminds us, that both Zoom and Discord are not privacy-friendly and comments that the university at least has got some kind of covering contract with Zoom. We currently don't plan to tackle this problem.

## **TOP 11: Advent calendar**

We need fourteen employees to participate in the Advent calendar and there are thirteen employees working on the first-semester lectures. We have asked all those and Prof. Otto to participate and are waiting for answers. The meetings will take place in the employee's Zoom rooms, whose password you can get by solving the daily puzzles.

## **TOP 12: Confidential B-TOP**

## **TOP 13: hobit 2021**

Christopher still needs help and ideas for organising the hobit 2021. If someone is up to volunteer for the creative process, this person can write an e-mail to Christopher using [christopher@mathebau.de](mailto:christopher@mathebau.de).
